

Meet the Next Headmaster of Runnels School

The process of securing the next generation of leadership at Runnels took a major step forward at the Board of Trustees meeting on Jan. 13 when Dr. Greg Brandao was named the new Headmaster -- only the second in our school's 50-year history. The appointment culminates a quest for a new leader conducted by a Search Committee composed of teachers, administrators, parents, and members of the Board of Trustees.

Dr. Brandao will take up the duties of Headmaster on July 1, 2014, following the retirement of Founding Headmaster Dr. L.K. Runnels and Assistant Head of School and Preschool and Elementary Principal Gladys Runnels.

In a letter to the school community announcing the appointment, Dr. and Mrs. Runnels said, "We genuinely believe that there is a profound 'fit' between the needs of Runnels School going forward, and the skills and compassion of Dr. Greg Brandao."

At the Jan. 13 meeting of the Runnels School Inc. Board of Trustees are newly appointed Runnels Headmaster Dr. Greg Brandao (left), Founding Headmaster Dr. L.K. Runnels, and Assistant Head of School Gladys Runnels. Dr. Brandao will assume his new post when Dr. and Mrs. Runnels retire this summer.

Dr. Brandao, who graciously accepted the job, said: "I am honored and humbled by the opportunity to serve The Runnels School community. The culture and core values of the school established by Kelly and Gladys Runnels are consistent with my personal beliefs about education and working with adults and young people. I admire the leadership of Kelly and Gladys, and I am commit-

ted to continuing their wonderful legacy of quality education at Runnels."

A native of Baton Rouge, Dr. Brandao graduated from Catholic High School in 1973 and went on to earn a bachelor's degree in Secondary Mathematics Education at LSU. He also has a master's degree in Education, Curriculum and Instruction, from the University of New Orleans, a doctorate in Education from the University of San Francisco, and a second master's degree in Pastoral Studies from Loyola University in New Orleans.

During his more than 30 years in the field of education, Dr. Brandao has served as a teacher and administrator at Brother Martin High School in New Orleans and St. Thomas More Elementary and Catholic High in Baton Rouge, where he was the principal for 11 years. Since retiring, Dr. Brandao has been an educational consultant (See Next Headmaster, p. 2)

Homecoming Royalty ... Newly crowned 2014 Homecoming Queen Kourtney Khalid-Abasi (left) with her predecessor, 2013 Homecoming Queen Elizabeth Forgey, at the "Presentation of the Homecoming Court" ceremony held in the Runnels Theater Jan. 10. (See story on p. 3.)

Valentine's Day at the "Chocolate Factory"

Treat your family to Valentine's Day tickets to the premiere performance of the Runnels Jr./Sr. High School production (with appearances by 4th-6th grade actors and actresses) of *Willy Wonka and the Chocolate Factory*. The curtain goes up on our steampunk version of this timeless family musical on Feb. 14 at 7 pm in the Runnels Theater. The show will feature a live orchestra conducted by 6th-12th-Grade Band Director Jill Swetnam. Performing with the "Wonka Orchestra" are: grade 8 - Erina Buchholz on the violin; grade 9 - Michael Martinez and Ross Stephens on the coronet, Andrew Mitchell on percussion, and Marisa Russo on flute; grade 10 - Rebecca Burns on the flute; grade 11 - Alex Stansbury on the French horn; and grade 12 - Hannah Boutwell on the cello, Amelie Kharey on clarinet, and Mike Gallant on the trombone. Guest artists include John Baird on the bass, Bob Cameron on the tuba, and pianist Gwen Thompson.

Tickets for all performances (Feb. 14 at 7 pm, Feb. 16 at 7 pm, and Feb. 17 at 2 pm) are available in the High School Office. Advanced tickets are \$12 for students, \$15 for adults, and \$20 for all at the door. Call 225-751-2192 for ticket information. For ticket order forms, see page 7 or go to www.runnels.org.

Becoming Fourth-Grade Foresters

On Jan. 17, our state's official Arbor Day, the entire fourth-grade class at Runnels became "Fourth-Grade Foresters."

Each student was presented with a certificate proclaiming his or her participation in the national Fourth-Grade Forester USA program, along with a 12"-18" loblolly pine seedling to take home and plant.

Local State Farm agent and Runnels grandparent (Carter DeLaune, grade 4, and Kirkland DeLaune, grade 8) Stan Douglas sponsored our school's participation in the Fourth-Grade Foresters USA program. Established by educators to encourage the observance of Arbor Day in American schools, the organization partners with local businesses to sponsor the purchase and delivery of trees for fourth graders. More than 2,570 sponsors have donated approximately 505,000 trees to students in 46 states across the United States since the program began seven years ago. All of the trees are packaged by workers with disabilities.

Mr. Douglas was in our Elementary Drama Room on Jan. 17 to help hand out the certificates and the seed-

Head Runnels landscaper Roger Cheney (left) gets ready to show Carter DeLaune and the fourth-grade class the proper way to plant their loblolly pine seedlings.

lings. After the presentations, elementary social studies teacher Kristin Ponjuan treated the fourth graders to a dramatic reading of *The Great Kapok*

Newly minted "Fourth-Grade Foresters" display their loblolly pine seedlings and certificates before watching a demonstration on how to plant and nurture young trees.

Tree: A Tale of the Amazon Rain Forest by Lynne Cherry.

After the presentations and the story, the students, their teachers, and Mr. Douglas moved outdoors for a demonstration of the proper way to plant the young trees by Runnels head landscaper Roger Cheney.

Earlier in January, to prepare the students for the tree-planting project, Runnels fourth-grade science teacher Cyndy Krul presented lessons in the classroom about the importance of trees to the environment, correct planting methods, and tree care. The youngsters also learned about the history and significance of Arbor Day in America.

We sincerely thank Mr. Douglas, Mr. Cheney, Mrs. Krul, and Mrs. Ponjuan for their assistance with this project.

One-Hundred Days and Counting

... Fun soared into the triple digits in the Drama Room on Jan. 24 as the kindergartners

celebrated the 100th Day of School. They popped 100 balloons, counted to 100 by fives and tens, and enjoyed a 100th Day Mardi Gras-colored donut cake. The students also displayed their collections of 100 objects. Above, right is kindergartner Kirsten Young with her 100th Day of School display of 100 dog treats.

Meet Our Next Headmaster, continued from p. 1

and executive trainer with Educational, Research and Information Services, Inc. (ERI) of Baton Rouge and a partner in Advancement Solutions, LLC.

Our next Headmaster has been a member of the Catholic High School Foundation Board of Directors, is on the I CARE Advisory Board, and recently concluded a term on the St. Elizabeth Hospital Board.

Dr. Brandao has two daughters, Erin, a yoga instructor living in Dallas, and Allison, who teaches Pilates and dance in Baton Rouge. He

is married to local realtor and notary public Jody Phillips Brandao, who has two adult sons, Jody and Jonathan Coco. Dr. and Mrs. Brandao also have two grandchildren, Brennan and Camille Coco.

In addition, Dr. Brandao is a member of the radio broadcast team for Catholic High football games and a stadium announcer for track meets.

In the words of our Founding Headmaster, "We proudly and warmly welcome Dr. Greg Brandao to be the new Headmaster of Runnels School."

2014 Homecoming Highlights

Senior Kourtney Khalid-Abasi, on the arm of senior Beau Sanders, was crowned the 2014 Runnels Homecoming Queen at an assembly held in the Runnels Theater

Homecoming Queen Kourtney Khalid-Abasi and senior Beau Sanders.

Jan. 10. On stage to present the new queen with her crown was last year's honoree, Elizabeth Forgey, now a freshman at LSU's Honor College.

Also on the Homecoming Court were: senior maids – Erin Dean, escorted by senior Jake Johnson; Stephanie Harmon, accompanied by senior Grey Carruth, and Madeline Parker on the arm of senior Bobby Johnson; junior maids – Alyssa Campbell, escorted by sophomore Trent Tucker, and Sarah Lukinovich, accompanied by junior Andrew Hyde; sophomore maids – Sarah Coner escorted by sophomore Adam Burleigh, and Robbye March, accompanied by junior Grant Welch; and freshman maids – Kristina

Khalid-Abasi, escorted by freshman Connor Raines, and Taylor Schoen, escorted by sophomore Mason Warren.

At the presentation, members of the girls' and boys' basketball teams also were recognized.

Later that night during half-time at the boys' varsity homecoming basketball game against False River, the queen and the Homecoming maids were again presented, this time on the arms of their fathers.

The festivities also included a full week of "Spirit Days" and a Homecom-

ing dance held in the Runnels Gym on Jan. 11. The theme of the dance was "The Great Gatsby."

The Homecoming events were hosted by the sophomore class and sponsors, Rhonda Tucker and Johnice Thoms. Kristen Manning served as emcee for the presentations, and Pamela Gyan designed the stage decorations for the ceremony in the Runnels Theater. (*Homecoming pictures are available on the Yearbook microsite at www.runnels.org. Call the Yearbook staff at 225-751-2192 for more information.*)

Above: Homecoming Court members: (front row, left) Kristina Khalid-Abasi, Sarah Coner, Alyssa Campbell, Erin Dean, Kourtney Khalid-Abasi, Madeline Parker, Stephanie Harmon, Sarah Lukinovich, Robbye March, and Taylor Schoen; (back row) Connor Raines, Adam Burleigh, Trent Tucker, Jake Johnson, Beau Sanders, Bobby Johnson, Grey Carruth, Andrew Hyde, Grant Welch, and Mason Warren.

Runnels Senior Beta Club Adds New Members

The Senior Beta Club inducted 37 new members at a candlelight ceremony held in the auditorium Jan. 14.

Congratulations to: freshmen - Kyndal Babin, Cameron Carruth, Micah Danos, Regan Dean, Jonathan Fairley, Henry Forgey, Matt Gallant, Charles Gulley, Kristen Haller, Stevie Iseral, Kristina Khalid-Abasi, Luc

Kharey, Eva Kruger, Robert Law, Rose Law, Blair LeBleu, McKenzie Mayeaux, Emme McElveen, Mark Postlethwait, Marisa Russo, Rachel Yura, Stephen Watson, Rebecca Todd, Riley Stewart, Nikkhi Theegala, John Tooraen, and John Wiese; sophomores - Wesley Harris, Grace LeBlanc, Caitlin Page, Madison Page; juniors

- Karli Blair, Ammar Essajee, Nabil Essajee, Caleb Manning, Caitlyn Moore, and senior - Olivia Neyland.

At the ceremony, the inductees recited the Beta Pledge and were presented with their club credentials by Runnels chapter officers Alex Stansbury, grade 11, president, Kim Lam, grade 10, vice president, Nicholas Saunders, grade 10, secretary, and Irene Lewis, grade 10, treasurer.

The Sr. Beta sponsor at Runnels is Michele Stanfield.

Left: Some of the newly inducted members of the Runnels Sr. Beta Club gather for a keepsake photo on Jan. 14. The organization fosters high academic achievement, good character, leadership and service to others.

Notable Events

Math Champs ... Eight trophies were awarded to Runnels competitors at this year's Mu Alpha Theta Math Tournament held at Catholic High on Jan. 11.

Competing in Division 2, which included Mu Alpha Theta teams from Bolton, Brother Martin, Episcopal, Fontainebleau, Lafayette, McKinley, St. Joseph's, and St. Paul's, the Runnels contingent tackled exams in three categories: Individual Tests, Team Tests, and Interschool Tests.

In Individual Tests, junior Connor Matthews placed 1st in Calculus AB. Winning 4th-place honors were senior Amelie Kharey in Calculus BC, 8th grader Alex Matthews in Geometry, and freshman Andrew Mitchell in Precalculus. Earning Honorable Mentions were sophomore Wesley Harris in Algebra 2 and junior Taz Shah in Precalculus.

In Team Tests, a first-place trophy went to the Runnels Calculus B team, composed of seniors Matt Mitchell, Caroline Bonaventure, Erin Dean, and Amelie Kharey. Bringing home second-place honors in the Middle School Test were 7th graders Thomas Worsham and Alex Morgan.

On the Interschool Test (middle school), Runnels also placed second, with the team of 8th graders Sam Matthews, Alex Matthews, Garrett Miller, and Erina Buchholz and 7th graders Alex Morgan, and Thomas Worsham.

Runnels also took 2nd place in the Sweepstakes, said Mu Alpha Theta sponsor Karen Matthews.

Congratulations to the Runnels Mu Alpha Theta team, which also included freshman Reagan Dean, sophomores Kim Lam, Jesse Stephens, and Anna Morgan, and juniors Lauren

Hahn, Max Morgan, and Olivia Arboneaux. The Mu Alpha Theta co-sponsor is Norma Marsh.

Sneaux Day ... Though the skies were clear, conditions were perfect for snow on our elementary playground the morning of Jan. 17. Instead of falling from the sky, however, the snow was sprayed from the back of a truck provided by Sno-Mobile of Louisiana, a company that turns blocks of ice into frothy beds of snow.

It took nearly two tons of shaved ice to create enough powdery white stuff for the kindergartners and first graders to enjoy a snow "experience." Bundled in ski jackets, mittens, and fuzzy hats, the youngsters, some for the first time in their lives, scooped it up by the handfuls, rolled in it, tasted it, and tossed it. They also made snow angels and snowmen.

For the kindergartners, the adventure was capped off with mugs of soup to complement their recent reading of Maurice Sendak's *Chicken Soup with Rice: A Book of Months*.

50th Anniversary Gala Oct. 4, 2014

Runnels School will celebrate its 50th Anniversary in the 2014-15 school year. A centerpiece of this landmark event will be a 50th Anniversary Gala to be held Oct. 4, at 6:30 pm, at the Lod Cook Alumni Center on the LSU campus. The 50th Anniversary Committee and the RPO cordially invites you to attend this glittering evening event.

The gala will feature a retrospective of our school, an RPO auction, and a dinner catered by Unique Cuisine, followed by music and dancing.

Tickets for the gala will be available as the 2014-15 school year gets underway.

Auction Volunteers ... If you are interested in helping with the auction at the gala, the RPO is seeking volunteers for the Auction Committee. All funds raised at the auction will go to the Plaza project. The first meeting of the Auction Committee will be Tuesday, Feb. 18, at 7 pm at Portabello's on George O'Neal. If you plan to attend the meeting, please RSVP to rpo@runnels.org.

The RPO's "Pictures in the Plaza III" is set for Saturday, March 29, at 6 pm. The feature presentation will be *Star Wars!*

- RPO President Nicole Latiolais

Skating Party ... (Above) The Class of 2014 enjoys a "Senior Fun Day" on the ice at Leo's Roller Rink in December.

Learning to Cheer ... The Runnels gym was bursting with school spirit on Saturday, Jan. 18, as approximately 40 elementary students (grades K-6) learned the ups and downs of cheerleading from members of the Runnels Jr./Sr. High Cheer Squad.

At the annual Mini-Cheer Camp, the youngsters were instructed in several skills vital to the sport of cheering, including chants, cheers, formations, stunts, and dances. Some of the girls also learned how to make a pyramid with their cheer coaches.

Many thanks to our cheerleaders, Runnels Jr./Sr. High Cheerleading coach and sponsor Holly Wilder, and parent and student volunteers for making the popular event so informative and fun for the youngsters.

Notable Events

Mrs. Wilder and Algebra I students (from left) Sean Parker, Elizabeth Daigle, Ethan Wells, Grace Asevedo, and McKenna Tregre hard at work in their “flipped” classroom in January.

Turning Learning Around ... Jr./Sr. High teacher Holly Wilder and her Algebra I students are “flipping” for math. They’re experimenting with a relatively new method of teaching and learning known as the “flipped classroom model,” or “flipping.” It’s called “flipping” because the traditional classroom/homework model is reversed. What used to be class work (the teacher lecturing) is done at home via teacher-created online videos, and what used to be homework (assigned problems) is now done in class, with the teacher on hand to help.

The “flipped classroom” was the brainchild of Colorado high school teachers Aaron Sams and Jonathan Bergman, who discovered software to record the PowerPoint presentations they used for their classes

and posted them online for students who missed school. Eventually, the concept spread among educators and the “flipped classroom model” was developed.

Mrs. Wilder said she learned about “flipping” from a news app on her smart phone. “There were several articles about how teachers around the country were trying this approach. The teachers reported loving it, along with their students.”

Among the positive attributes cited for “flipping” are: teachers have more time to work with students and help them tackle difficult concepts; students experience less frustration because the teacher is available to help with “homework” problems; and students are responsible for their own learning and may work at their own pace (work ahead or revisit lectures about topics they find problematic). In addition, most students love technology and can watch the online videos on their smart phones.

At Runnels, the online math videos are recorded using a Smartboard and posted on Mrs. Wilder’s Algebra I microsite at www.runnels.org. Mrs. Wilder said she normally records the videos before and after class and credits IT Director Adam Guedry and IT assistant Patrick Bryan with getting the technical side of the project up and running smoothly.

The feedback about “flipping” from students and parents has been positive so far, said Mrs. Wilder. “There seems to be less angst and frustration about whether or not a student is getting a concept.” A bonus for her is that she’s getting to know her students better. “I love hearing students talk together during math class about MATH,” she said. “The students are taking responsibility for learning. I’m not forcing it. It’s so much fun.”

26 Reasons To Love Mrs. Runnels ... As part of a service learning project for social studies and the elementary school’s CLASSY program, the first graders recently learned about Random Acts of Kindness and accomplished quite a few.

They made “Gifts of Words” boxes for family and friends, “Get Well” cards for the ailing husband of one of their teachers, and a very special book for their principal, Mrs. Runnels.

First-grade social studies teacher Leah Pizzalato, who organized the activities, said the children “worked on projects emphasizing the importance of kind words and how much they mean, especially when they are unexpected.”

They “wrote” a “Why First Grade Loves Mrs. Runnels” book, in which each child created a page with a sentence and illustrations. Some examples of “Why First Grade Loves Mrs. Runnels” are: She believes in us. She

makes us smile. She is generous. She is loving. She keeps us safe. She makes good rules. She is a good writer.

Mrs. Pizzalato said the children came up with the idea after reading Mrs. Runnels’ book, *Through the Window*. “We talked about how much Mrs. Runnels loves to read,” Mrs. Pizzalato said. The students included 26 different reasons to love Mrs. Runnels.

Mrs. Runnels with the authors of a new and favorite book, “Why First Grade Loves Mrs. Runnels.”

Night & Day ... S’mores were on the menu at the pre-school recently when the students learned about what goes on during the day and what goes on at night. They learned

Having S’mores at preschool are pre-kindergartners Jonah Kennedy, Julia Golden, Daniel Tate, and Teagan Murray.

about constellations, the sun, and the moon, and “slept” in a tent. “The tent represents camping trips where we can see the night sky,” explained Preschool Co-Director Karen Runnels.

The students and teachers wore their pajamas to school on the final day of “Night and Day Week” and enjoyed an indoor “cook-out” with S’mores.

Pre-kindergarten “campers” Col-lin Ehrlich and Ayden Henderson.

We Sincerely Thank

... Professional harpist and president of the American Harp Society *Delaine Leonard* for presenting master classes for Rebecca Todaro’s harp students all day on Jan. 16. Ms. Leonard, an expert in the Suzuki method, is a professor of Harp at the University of Texas in Austin. Mrs. Todaro is using volumes 1-3 of the harp Suzuki method in the Runnels curriculum this year.

Notable Events

Gymnastics champions Chloe Sanders (left) and Annie Fink.

Vaulting Ahead... Runnels sixth graders Chloe Sanders and Annie Fink competed at the Southern Classic Gymnastics Meet held at Lanier's Gym in Biloxi, MS, on Jan. 10.

Chloe won 1st place all-around (floor routine, balance beam, uneven bars, and vault) in level 5. She earned the highest scores in all divisions at her level and was named the "Crowned Belle of the Ball" for the meet.

Annie also took 1st place all-around in the level 6 optionals division. She choreographed her own floor exercise routine, which had to include certain required elements. Congratulations to these talented competitors.

Second grade "Magic Carpet Ride" competitors (from left) Caroline Pousson, Kate Kelfstrom, Jasmine Townsend, Stuart Roark, and Poppy Pellisier.

Volcano Challenge... The students in Maggie Wrenn's high school Earth Science class recently built models of cinder cone, composite, and shield volcanos, with the added challenge of simulating eruptions particular to those types of volcanos. Working in teams, the students had to figure out how to build the volcanos and recreate the eruptions. On a chilly day in December, the class adjourned to the green space in front of Koenig Hall to test their work.

"A cinder cone volcano has an explosive eruption with tephra debris that builds itself as it erupts," explained Ms. Wrenn. To duplicate this blast on a small scale, the students used plastic tubing and a can of compressed air, with little bits of newspaper and tin foil for the tephra bits. It worked perfectly. (See photo at right).

For the composite volcano, whose eruption is sudden and explosive, the team used Diet Coke and Mentos to simulate a sudden release of energy.

To represent the slow flowing lava eruption of a shield volcano, the third team mixed hydrogen peroxide and yeast to create a fake "lava." They put in red dye to add a sense of realism.

In addition, the teams wrote up their hypotheses for what would happen and their methods and results in lab notebooks and duplicated their results. They also had to explain in class how their model volcano and eruption worked to simulate actual volcanos.

Demonstrating the eruption of their cinder volcano are (from left) senior Taft Faust and juniors Griffin Gowdy and Austin Howard.

At the LA Marathon... The Runnels School community was well represented at the Louisiana Marathon Jan. 25. Members of the Cross Country team helped man a water station and elementary teacher Mary Winnett and school physician Dr. Brian Harrell ran the full marathon. In addition, school physician Dr. Vince

Shaw and athletic trainer Marcella Babcock offered medical assistance to the runners. At left are some of the volunteers connected to our school who assisted with or participated in the marathon.

Raider Stars... Smiles lit up the Drama Room Jan. 17 as our elementary school "Raider Star" drawings for this quarter of the school year got underway. The theme was "Winter Games," with emcees Kristen Manning and Lisa Harris setting a hectic pace for the fun and friendly competition. Our thanks go to program coordinator Elementary Assistant Principal and Guidance Counselor Marcia Mackay, Mrs. Manning and Mrs. Harris, and to the many teachers and volunteers who make this event, which celebrates positive behavior, sparkle with Raider Spirit.

Kudos To... Senior Sarah Garrett, for earning an Honorable Mention in the 2013 LELA (Louisiana Education Loan Authority) Holiday Art Scholarship Contest.

Junior David Segalla, for winning 3rd place in his weight category and a bronze medal at the Kay Fenton Memorial Powerlifting Meet held at Episcopal on Jan. 12.

K-12 Math Department Head Elizabeth Novak and her Nothing Bundt Cake business, for reaching the million dollar mark in sales during her rookie year and being named the "Rising Star of the Year" among all the Nothing Bundt Cake franchises that opened last year.

Runnels alumnus Quint Forgey (2013), for winning a spot as a staff writer on the *Reveille* in his freshman year at LSU. Follow his work at www.lsureveille.com/users/profile/quint%20forgey/.

Martin Pousson, father of Katie, grade 10, Anna Claire, grade 7, and Caroline, 2a, for winning a Charles E. Dunbar Jr. Career Civil Service Award. Mr. Pousson, an agricultural environmental specialist administrative coordinator with the Louisiana Department of Agriculture & Forestry, was named a Dunbar Award Honorable Mention by the Louisiana Civil Service League this year. The award is given for distinguished service.

If you have news for "The Reporter," please send it to news@runnels.org. Visit www.runnels.org for photos of Homecoming and Junior Class Ring Day. Find them on the Yearbook microsite. Call the Yearbook Office at 225-751-2192 for more information.

Be sure to get your tickets for the Runnels production of *Willy Wonka and the Chocolate Factory*

The family musical *Willy Wonka & the Chocolate Factory* is coming to the Runnels Theater for the Performing Arts for three performances the weekend of Feb. 14.

Reserve your seats now for the best selection. By purchasing your tickets in advance, you are assured of choice seats, shorter lines, and discount pricing. Advance tickets are \$12 for students and \$15 for adults; at the door, all tickets are \$20.

The show features performances by Runnels students from junior and senior high, with the participation of actors and actresses in grades 4-6. A steampunk inspired chocolate factory and Compa-Loompas will add a modern twist to this timeless tale.

Here's how to get your discount: Check off at the bottom of the form what dates you want to attend and the number of student/adult tickets you require. Attach a check made out to Runnels School for the total amount and turn it in at any of our school offices. Pick up your tickets at the door on the day of the performance at the "Will Call" table or request that your tickets be sent home with your child. It's simple, easy, and quick. Order early!!! We will give you the best possible seats available at the time of purchase. For the discount to apply, orders must be received by Thursday, Feb. 13.
