Summer Programs

This is a brief listing of a few summer programs that have contacted our office and are actively recruiting Runnels students. Please make an appointment with Mrs. Schlotterer if you would like to investigate different programs or topics for your summer studies.

Tulane Science Scholars Program : The TSSP Program gives high school students the opportunity to take college credit courses in the summer in science and engineering at Tulane before graduation. This is a selective, residential program for rising 10th – 12th grade students who have exceptional talent in the sciences, engineering and mathematics. For more information visit: <http://www2.tulane.edu/sse/tssp/>.

New York University: NYU offers an array of classes, workshops, and events for high school students in a wide range of subjects. Programs include the NYU Precollege for those interested in earning college credit while still in high school, the Tisch Summer High School Program for those interested in the arts, and several workshops/seminars covering everything from Girls in STEM disciplines to Urban Journalism. For more information, visit: <http://www.nyu.edu/admissions/high-school-programs.html>

University of Chicago Summer Session: The University of Chicago Summer Session students can explore any of nearly 100 credit-bearing courses or engage with a number of programs taught at the college level, but designed exclusively for high school students. Some of the programs include: UChicago Immersions, Research in the Biological Sciences, Stones and Bones, Arts and Sciences Summer in Chicago, and College Pathway Program in Economics. For more information about these programs, visit: <https://summer.uchicago.edu/>.

Envision: National Youth Leadership Forum: Various programs on university campuses across the country on topics ranging from medicine and law to national security and digital media. Students gain real-world career experience and explore professional opportunities in their chosen field. Dates and locations vary throughout the summer. For more information, visit: <https://www.envisionexperience.com/explore-our-programs/high-school>
