

Dear Parents,

It has been a great year of growth and discovery in the library, and we hope that the learning adventure continues throughout the summer for you and your child. There is no better activity for your child than to engage in reading for enjoyment. Not only will your child discover the joy of being lost in a book, but he or she will also practice the many skills and strategies learned all year.

The elementary librarians are encouraging grades 1-3 to complete a reading log this summer. Your child can choose **five books** (although we always encourage more) to enjoy and record on the attached reading log. These books can be chapter books or picture books. Your child may read them independently or enjoy listening to them. When school resumes in August, there will be a special reward for students completing their reading log.

While this activity is optional, we do highly encourage your child to participate. Teachers identify summer learning loss as a major challenge when starting the new school year. However, students who read over the summer return to school ready to continue their learning with little or no learning loss.

Thank you for allowing us to be a part of your child's experiences. Have a wonderful summer!

Amanda Albin & Leah Pizzalato
(Elementary Librarians)
