

Calculators

Texas Instruments TI-84 (any version)

is the required calculator for each of the following classes for next year:

- Pre-Algebra
- Pre-Algebra 8
- Algebra 1
- Geometry
- Algebra II
- Advanced Math Functions and Statistics
- Advanced Math Pre-Calculus
- AP Calculus AB and BC
- AP Statistics

Note: For those students who already have a calculator, do not buy a new calculator. This letter is intended for students buying their first calculator for junior/senior high school mathematics at Runnels. All teachers will teach the class using the TI-84.

*****Earn Bonus Points in next year's math class by bringing your Texas Instruments Proof-of-Purchase to your math teacher when school starts!!!**
